Collaborative Learning Doc

Tech Tool	WHY	S-A-M-R **Subject Grade**	**Reflective Feedback** *Ex: Findings, discoveries, successes, opportunities for growth*	**Reference**
Padlet	Students brainstormed lists of words that had prefixes and suffixes (un-, im-, dis-, -ly, -less, -ful)	S ELA 3	Some chose to create <u>tangible</u> words using cutouts and roots, some developed *lists in notebook*, some underlined prefix and suffixes of words **on a sheet**	rothsteins@rocori.k12.mn @skscsu
Storyline Online storylineonline.net	Online "Listen to Reading" station for Daily 5	S ELA K-12	Students like listening to the celebrities read stories-new ones added often!	bente.bruihler@scmsastem.com
Pic Collage	Used for book reviews		Use pictures to create summaries of books students read.	
Jeopardy Labs	Used it as a fun way to review for science units.	A All 3-12	Students were engaged in the review and learned from each other. jeopardylabs.com	Angie Trisko triskoa@rocori.k12.mn.us
Popplet (Free App) ☐	Brainstorming Research Project	ELA 3-5	It was engaging for students because they were able to work as a group to brainstorm lots of different writing topics.	Faith Bila faith.bila@isd47.org @msbila5thgrade
Student Response Remotes	Quick and easy way to give an assessment and store data. (Must purchase remotes)	S	Gives a quick snapshot of students understanding of the content	Katelyn Moore kmoore@c-ischools.org

(PAID)				
Seesaw	Students can record, capture, write, draw and record their thinking, success, learning opportunities as a digital portfolio that parents can view at home.		Parents are able to see what their child is doing in school and teachers can use the app to grade, record, and review students work.	Katelyn Moore kmoore@c-ischools.org
IXL	Student practice in a variety of standard-based topics.		Login/Subscription required. Doesn't teach topic, just reinforces what has been taught in class	
Nearpod ⬜	Used to give students an introduction to the historical context of a story.	A ELA 9-12	Allows students to have a visual representation to the background of a story while providing their finding or responses.. (Ex.: Background of the Vietnam War prior to reading "The Things They Carried" By Tim O'Brien.) Teacher has a neat variety of options for student response including multiple choice, text, drawing, etc.	Ray Nelson ray.nelson@isd47.org
ReadTheory	Student reading progress monitoring tool.	M Reading 1-12	As a school we have been able to set goals for individual students. Students can access it at any time and see their own progress. It is free!	Angie Trisko triskoa@rocori.k12.mn.us

Kahoot! https://getkahoot.com/	Online quizzes Can be anonymous and competitive	A All K - 12	Create your own online interactive quizzes. Great for overall review.	Sarah Gerber sarah.gerber@isd742.org
Schoology paid	Online discussion forums/blogging, assignments, projects, and assessments.	9-12	Great for keeping track of student progress and comprehension. Allows for students to express themselves freely, and to individualize assignments/projects	Aaron Lancour alancour@isd742.org
Thinglink	. Used for student to create mind maps while being able to annotate videos and graphics.	A ELA 9-12	Allows student to create their own study guides. Also, a great alternative to google slides.	
Class Dojo classdojo.com	Blogging to parents, classroom management point system, posting pictures to classroom "story"	K-8	I have used classroom dojo the whole year and the parents love it. They love to see that there child is receiving points throughout the day. They also love getting messages through the app and I have the parents put the App on their phones as my number one way of communication.	Lizz Kendall elizabeth.kendall@isd47.org
Office 365	Creating a collaborative newspaper. Each student works on their own story within the same document to ensure each student participates	English 9-12	Office 365 has many limitations with formatting, but students love that they can see what their classmates are doing and they don't all have to sit around while one person does most of the work	Denee Kalkbrenner kalkbrennerd@rocori.k12.mn.us @Mrs_K_ROCORI
Shadow	Students can create presentations to	K-12	Creative freedom and student	Parvaneh Trobec

Puppet	retell a story, sequence their writing, practice their fluency, present information for specific content to show mastery, vocabulary		choice	trobecp@rocori.k12.mn.us
Tumblebooks	Students are able to listen and read various stories.	P-12 EL	It is great for listen to read stations, students who are learning English, and for teachers when you do read alouds. The students are engaged and enjoy the choice it allows.	Arin Spindler spindlera@rocori.k12.mn.us
Moby Max (PAID)	Students can do a variety of content. They take a placement test to get content at their level	All grades: Have to have student login	Great for having students work independently at their own levels and not feel left out. *Need school code/login/approval	
Unite for Literacy	Students are able to listen to leveled texts		Books are at students level instead of just general read alouds Also great because narration is available in non-English languages (Somali) And the book characters are diverse :)	bente.bruihler@scmsastem.com
Epic!	Student are able to listen and read stories.	S ELA All	Each student gets an individual account. The student can then start off where they left off at and pick books based on their interests.	
Bloomz Free	A communication tool for teachers with parents.	All levels	This is a free app that parents can download. A teacher can	Arin Spindler spindlera@rocori.k12.mn.us

			post reminders, links, etc for parents. It is also a way for parents to connect with each other.	
.wevideo.com	Student-generated video productions	R all	Cloud-based online collaborative video creation	
BrainPOP	Videos that introduce topics Quizzes, and some printables and extra lessons included	A? All All	Subscription required-just google for a school that has posted their password online/on their website	bente.bruihler@scmsastem.com
Quizlet	Especially good for vocabulary, but can be used for studying a variety of material	all	Even if it is not used in class many students love using it at home to study	kleinn@rocori.k12.mn.us
XtraMath free	A quick math facts practice for addition, subtraction, division, multiplication.	K-?	It is a quick way to have students practice basic math facts. It generally takes about 3-5 minutes. At the end of the week you get a report on mastery.	Arin Spindler spindlera@rocori.k12.mn.us
PowToon Free (Some paid but enough free)	Create your own short animated videos for free that you can share.	MR Any ? 2/3 - 12 ?	Create a short animated video with sounds (your sound files). Can share on YouTube, etc.	Lydia Dieterich lydia.dieterich@isd742.org
Osmo (PAID)	Tangrams: Arrange wooden puzzle pieces to match on-screen shapes with tangrams. Math: Add, count and multiply the tiles to match the numbers on the bubbles. Words: Guess and spell the on-screen image.	K-12	HIGHLY RECOMMENDED!	elizabeth.kendall@isd47.org

Abcya.com	A website with games that cover reading, math, and strategy.	K-5	A quick review or extra practice that kids can go to.	Arin Spindler spindlera@rocori.k12.mn.us
Plickers	Print cards off of the internet. Leave at student's desks. Use a free app to scan the cards and see what students answer.	K-12	Easy formative assessment.	triskoa@rocori.k12.mn.us Angie Trisko
Quizziz	To review material and use as a formative assessment	Math	Unlike Kahoot students receive questions in individual order, very easy to use Math notation.	alberto.whitlatch@isd742.org
Front Row Free (better with paid version)	Monitor student progress in math and ela and social studies.	Math	Subscription required for extended uses. Can earn free time with referrals . I used this in math to track progress in math. It also can create leveled assignments based on adaptive assessments.	weemsk@rocoi.k12.mn.us Kevin Weems
NoRedInk	Allows students to target English content, grammar practice, and questions based on personal likes and interests. Feedback is instant and teacher can support targeted practice based on student need	S A	A powerful tool instead of taking papers home each weekend. The real power comes from potential strategy groups or small group discussions based on need.	
Prodigy	A math game for students in grades 1-8. I use it for students that finish work early. Students like it because it is similar to pokemon because they explore and "fight monsters" by answering math questions.	Math 1-8	As a teacher you can decide what skill the students are working on and align it with the standards you are currently teaching, it shows you what skills students have mastered and what they are still struggling with. It works very similarly to	mariah.thompson@isd742.org

			ALEKS math.	
IMSLP	This is a website of public domain music.		This has been really helpful in getting copies of pieces that were composed in a certain time. It has a wide range of options available as well.	amber.kopp@isd742.org
Irealbook http://www.irealpro.com/ (Paid)	You can create your own chord progressions and chose your tempo and style to help students learn to improvise in jazz music.	Augmentation Jazz Band Any grade	Students like that we can slow the music down to the level which they are at. The rhythm section also likes to not have to play the backgrounds over and over.	
Rewordify	To help Students understand their comprehension and focus more on the story than the words written		Works great with students that need to understand comprehension not reading fluency	
Music Theory	This is a website where students can go to learn more about the notes on the staff, key signatures, note durations and much more!	K-5	This allows students to practice the notes on the staff that we learn in class. It also allows students to expands their knowledge into other clefs and areas of music theory.	Rebecca.Kolar@isd742.org
Choralwiki	Great place to get public domain sheet music	Choir		

Classkick	Student work can be examined real-time, and students can "raise" hands for help. Work is saved as data	A All K-12	Student responses on worksheets need to be entered as text boxes	rothsteins@rocori.k12.mn.us
EdPuzzle	Taking video and embedding questions as checkpoints along the way for advancement of viewing	M All 2-12		
Socrative				
GoNoodle	Resource for educational movement videos for younger children.	K-5	Videos are grouped by activity type, including guided movement, concept, etc.	
Nearpod				
Symbaloo Symbaloo Lesson Plans				
Sfskids.org ☐	A website with fun and games in a symphony orchestra setting.		This website is nice for getting students interested in classical music and seeing the different opportunities that go along with	amber.kopp@isd742.org

			it.	
PhET.colorado.edu	Website with science and math simulations		Great for science labs some math	weemsk@rocori.k12.mn.us Kevin Weems
